**Subject:** FW: Search

Please search the sequence of sequence ID. No. 1-4 (all of the sequences) of application number 09/704, 327. The claims have been amended to states that the Lys-Pro-Val is now at the c -terminal. So if you could, could you search the sequence id. No. 1-4 at the c-terminal.

This application is an amend so can it be a rush search please. Thanks
